

## **HAWTHORNE PLACE CARE CENTRE: UPDATE TO FAMILIES**

June 22, 2020

Today is Monday, June 22nd, and this is Gale Coburn, Executive Director, calling with an update.

I hope you had a wonderful weekend. Many of the residents had a special weekend connecting with family for Father's Day.

I am calling today with a brief reminder that North York General Hospital is hosting a virtual town hall for families this evening at 7 p.m. This is an important opportunity to learn more about North York General and how they are supporting Hawthorne Place.

Joining the town hall is easy. Instructions for the town hall are posted on the Hawthorne website, [www dot Hawthorne Place Care Centre dot c-a](http://www.HawthornePlaceCareCentre.ca), under the Family Updates section. You can choose to use the Microsoft Teams link and join using your computer or by telephone by calling the number provided.

If you have questions for North York General Hospital you can email them ahead of time and they will ensure they are answered during the session. The email address is Hawthorne @ N-Y-G-H dot O-N dot C.A.

My next update will be tomorrow with, I hope, more details around the new visitor guidelines that will help us begin to welcome you back safely. As always, please feel free to contact me if you have any questions or require any further information about your loved one.
